WELCOME

TO OUR LOVE BASE ORGANIZATION

We provide recovery support to women recovering from drugs and alcohol by providing transitional housing, IOP/OP, and other support services and referrals to outside services.

3.1 RESIDENTIAL PROGRAM

Level 3.1 programs are appropriate for patients whose recovery is aided by a time spent living in a stable, structured environment where they can practice coping skills, self-efficacy, and make connections to the community including work, education and family systems.

The program offers at least five hours per week of low intensity SUD treatment. Treatment includes individual, group and family therapy, medication management and psychoeducation. The services facilitate the application of recovery skills, relapse prevention and emotional coping strategies.

The highly structured educational format is based on an experiential learning format supplemented by educational groups that teach the residents the principles of self-diagnosis and utilizes the Socratic Method to engage the residents in the process.

The community employs community-imposed consequences and earned privileges as part of the recovery and growth process. In addition to the daily scheduled activities, groups and individual activities, individuals are assigned responsibilities within the community setting. Both residents and volunteers act as facilitators, emphasizing personal responsibility for one's own recovery process, life and self-improvement.

WOMEN'S WHOLENESS PROGRAM - SHIFT

Our Women's Wellness program, SHIFT, is a new concept specifically designed to support our consumers as they begin to grow in new areas of their lives. We recognize that sharing hope, inspiration, forgiveness and trust ("Shift") truly provides a new way in allowing recovery to take hold. We also recognize that providing social interactions to build and bring out inner qualities and gifts, within the women, will also produce a shift; in perspectives and behaviors

SHIFT (Sharing Hope Inspiration Forgiveness & Trust) is an opportunity to engage our women beyond housing. Our goal is to raise their awareness of self-worth and to present opportunities for spiritual-physical-mental healing; to heal the whole woman – one workshop at a time.

We do this by engaging business entrepreneurs, business professionals, artists, and individuals to facilitate hands-on workshops. These workshops enable the women to dream, to be inspired, and to know that others care. By providing holistic opportunities that engage the whole self - spirit-soul-body, we go beyond housing to ensure that they become well rounded citizens.

SHIFT provides LTC clients an opportunity to get to know who they are intimately and socially.

Program Criteria

- All LTC participants, across all levels of care and all Centers.
- Group held every Friday evening at 6PM to 8 PM
